

EXCELL ZONE VERTE EXCELL

CERTIFICATE REFERENCE N° 2009-11-038b attributed to the material collected, identified and sent under the full responsibility of the customer

**DANOTILE RANGE / Product reference : Danoline
tile.edgeA. 600*600*6.5mm**

DANOLINE A/S—DK9500—HOBRO (DENMARK)

Principal use : Technical and ornamental ceiling

The sample of the material described above was analysed to search several well known or suspected pollutants, which could alterate the quality of sensitive environments. The analyses which have been performed did not lead to detect undesirable compounds in significant amounts. In this conditions, the innocuity of this material regarding the products stored in the sensitives places is ensured. The technological efficiency of the product is not tested.
This certificate applies only to the conception of the material and to its resulting descriptive file.
Limitation of use : Indirect contact. Use in a ventilated room

Date established : 18/12/2009

The person in charge of evaluation

Julien Escobedo

End of Validity : 18/12/2011

The direction

Philippe
